

# Xerox® Integrated Copy/Print Server for the Xerox® D95A/D110/D125 Copier/Printer

With the state-of-the-art Xerox Integrated Copy/Print Server, the Xerox® D95A/110/125 Copier/Printer delivers a portfolio of the industry's most innovative features and capabilities. You'll get a simple workflow with an easy-to-use touch screen, FreeFlow® integration, excellent features and a small footprint.

- Ease of use. Straightforward graphic user interface is rich in easily accessible features with large 10.4 inch full colour touch screen.
- Superior scanning. Create text-searchable files at the device for easy retrieval – compression technology reduces network load for fast transmission.
- Remotely manage your device. CentreWare® IS Embedded Web Server automates installation, troubleshooting feature set-up and upgrading.
- Multiple sets of copies with separators. Make multiple collated or uncollated sets separated by slip sheets for efficient distribution.
- A large set of security features is packed into one compact device, including Secure Print, data encryption/overwrite capabilities and optional removable hard drives.
- Copy and Save/Print and Delete Modes. Select “copy and save” on the touch screen and, as you copy, document images and settings are saved to a mailbox/folder on the internal server.
- Thumbnail Preview. See a thumbnail view of your copy/scan job right at the touch screen.
- Bates Stamping. Built-in Bates Stamping feature generates copies with customised alpha-numeric descriptors on each page.
- Extensible Interface Platform® (EIP). EIP is a software platform that allows productivity-enhancing solutions to be easily accessed right at the copier/printer's touch screen interface. Learn more about our many solutions offerings by visiting [www.xerox.com/software-solutions](http://www.xerox.com/software-solutions).
- Security. A large set of security features is packed into one compact device, including data encryption/overwrite capabilities and removable hard drives.
- Programme your print jobs from your PC or MAC® print driver, for example, exception page programming of colour covers and inserts, tabs and Z-folds.
